A Brief Summary Of The Character: *

Please note that longer lore may effect the ability for your application to be posted into Discord as a result of Character limits. If you are planning on writing a good amount of lore, please share a link below or add the lore into a thread below your app.

What Gear Do You Wish To Use For This Character? *

Please refer to the Gear Rules on Discord before filling out this section. We do not give out weapons or armour, the gear you list in your app is for our records. If you are requesting to use gear that is out of your faction's set, please provide a good reason as to why your character has it. We will not accept "easy" excuses like "killed an elf" or "won it in a tournament" Please list all weapons and armours in your app. If you list a sword and spear, you will only be able to use these in PvP. No exceptions.
